

Dear students Viscom,

Next week will start the construction of the exhibition. A number of issues are of importance:

1. concept
2. arrangement works
3. implementation
4. program

Further addition:

1. on the page www.highculture.eu/Viscom you will find at the bottom of the exhibition concept.
2. On Monday at 15 o'clock the placement of the artwork is announced in the general area on the second floor . If there are any questions we can answer them.
3. The second floor and the auditorium have the priority in terms of cleaning or removing furniture.

Please move Lockers to 1:10 in front of the wardrobe. Chairs and tables to 3rd floor.

b. Floor 1:25 gets a 2 mm thick layer of fine white sand. The sand arrives Thursday morning. See concept for more info

4. program:

Monday Siding / painting from 10am. Coco & Olivier

Tuesday Siding / painting

Wednesday Structure From 10 am. Coco

Thursday from 12 am Sand. Olivier and Coco

Interior hallway Friday from 10 am. Olivier

Last minute purchases Saturday from 10am. Olivier

Last minute Sunday from 10am. Olivier

→ if you are ready to create your own work, you help to make it presentable to the pop up store and placing walls, lighting and the like.

→ make sure you are flexible in the material use of connections because the walking direction and work of your colleagues are factors of influence that you still do not know

Sincerely,

Olivier van Wijk

Coco-Susanne van Wijk
